

## DECLARATION OF CONFORMITY

We hereby declare that  
 an EC declaration of conformity  
 in accordance with the low voltage directive 2006/95/CE (ex-73/23/CEE)  
 is required for batteries from 75 V to 1500 V nominal voltage  
 with the corresponding CE marking applied to the battery.

For the RES SLT GEL batteries,  
 the battery installer or the company installing the battery  
 is responsible for issuing the declaration  
 and applying the CE marking  
 on or next to the battery's nameplate.
